

SuperAnnotate AI

SuperFast and SuperAccurate Image Annotation

Accelerating image annotation by 10-20 times.

Annotated image

Annotated Images Today

- Backbone of AI computer vision
- Slow, expensive, old fashioned
- Revolutionize with cutting edge research

Use of annotated images

- "We don't have better algorithms. We just have more data."
- AI revolution
- Automotive, Medical, Retail, Surveillance...

Enabling annotated images

Patented AI-powered tool

One-click object selection

- **10-20x faster** annotation - lower costs
- **Over 97%** annotation quality
- **Self-improving** (Semi-supervised)
